

Shimon Keren

May 2018

Our Kehilla is privileged to host two Kollelim, headed by Rabbi Yisroel Friedman - an all-day Kollel and an evening Kollel.

The young men learning in the kollel are outstanding scholars - extremely devoted to their studies.

Rav Friedman himself sets the tone by his sterling qualities. Love of HaShem's Torah permeates the atmosphere.

It is a great "Mitzvah" to support the Kollelim - particularly since their stipends are above average - so that they should be able to devote themselves to their studies without the constant fear of making ends meet.

With deep respect
and thanking you in anticipation

Avraham Stern.

I'm just adding these lines to reiterate my recommendation and admiration for the exemplary Kollel headed by Rabbi Yisroel Friedman. It is producing massive Talmidey-Chachomim.
